

## 5h PSWLL

Well being of young people requires affordable housing and decent jobs

## 11a Not addressed

No mention of need for care in Parish for our ageing residents. Community orchard/community horticulture. Voluntary visitor tax to fund environmental projects

Courses are a good idea, I would like to learn conversational italian and GCSE economics

Local training for trades affiliated to local colleges. Local horticulture

With the sea so available sailing, motorboat and fishing courses should be provided for youngsters

Clear exposition of avialbale building sites and who owns them would be useful

Healthy cooking for young people. Bike safety

Keeping school open which is dependent on social housing being available keeping young families in village

Cornish speaking lessons

Supprting local primary school

more info on needs needed

Cost of carparking when attending local community events

craft courses to help creativity & socialise

Recycling. Public Transport

Support for CV writing/interview skills

Double tax on 2nd homes could affect tourism and employment

Need depth of study & new knowledge

One way system from St Mawes Hotel to Upper Castle Road

Compilation of activities currently available. Anually update leaflet with ALL clubs & contacts. 'menssheds.org.uk' provision for young people

more bus stops with shelter

Roseland Bridge club becoming increasingly popular

address housing occupied <9months pa. Decline in fishing. Designated parking for locals in Aug

Might be willing to offer ceramics course

encourage local shopping, Parish directory of local facilities

Willing to support agriculture and administration course	Public Tpt
computer and phone skills courses needed	Failed to address sustainability
may be willing to offer mentoring	Toursits need bad weather provision - cosy reading room in Victory?
IT course would be useful	Activities for younger people
Interested in astronomy, geology, geneology.	If more housing need more shops - esp butcher, greengrocer - which will need supporting.
Online professional mentoring by second home owners	local shop closures
I would consider mentoring (ex special needs teacher). Want more U3A options. Leisure activities for elderly are too limited	Wealthy second home owners should be invited to provide financial support to local causes. Too many public hall available
our teenagers need support and encouragement	Car parking - not enough and needs to be cheaper. Place Ferry inefficient
Happy to mentor both young and 'not young'	Car parking - esp in Pedn Moran, Buckeys Lane, Freshwater Land
Computers & persoanl finance	Health provision, policing, general attractiveness & tidiness
Truro & Falmouth have good rec/edn facilities: don't replicate	Restrict large buildings esp if second homes
not enough care homes on Roseland	All important issues have been covered
plenty of activities already	parking on Marine Pde should be restricted.

Candidate course list provided. Therapy treatment room required. Locally based private carers register needed	electronic bus arrival display. Maintain paths, kerbs & bus shelters
Sewing class (WI to help?) Cannot be done by good intentions alone plans are too vague to comment on	residents parking should be provided Incentives for families and young people to live on Roseland empty homes, public WC, potholes & pedestrian safety. The bones of management exist - do not destroy them
local Cornish language course	Business accn needs to be fit for purpose (eg butcher and baker inadequate?)
people should be encouraged to do more for themselves to promote their health	missing a reasonably priced child friendly sit in eat in restaurant
More physical activities would help	upset by 2 types of second home owner: council tax & business rates. Not fair!!
why not organise a freshers fair for all clubs and societies?	affordable housing for locals. No shared ownership reasonably priced at market rate
I'm impressed by number of activities already on offer	Car sharing. Parish based minibuss.
U3A courses needed	Needs more permanent car parking. Main tourist season is getting longer
we don't need a strategy for social wellbeing. We have plenty of brilliant meetings/societies	airbnb & holiday lets should be treated differently from second homes
there are better ways to spend money than on a well being strategy	local services: child care, medical, dental, activities for kids, indoor play area etc
No demand or demographic to make local courses viable	Do we have adequate sports facilities? Encourage exercise
What is Social wellbeing? We need a gym. We need lifelong learning for the next generation.	Congratulations on your thoroughness
	second home ownership has a negative effect on parish and community too many of these questions have multiple qs within them

What ratio residents/holiday makers is acceptable?

AONB has not been considered. Think of true community not visitors and commercialisation

Later ferries, Gym & swimming pool.

AONB is not considered. You are pretending to be interested but it is not genuine

Edn & childrens facilities. Roseland Centre a step in the right direction

Activities for children

Alternative energy solutions

## 11b Missing from Parish

Family affordable housing

Clearly housing

Family housing for <£100k

Social and affordable housing

Social housing, butchers shop, extended tourist season

Dog walking footpath access

Young families. Affordable restaurants

transport. Medical. Elderly social care youth services

Joined up thinking to avoid replication

Housing. Transport

People who do not understand the ethos of the village

safer roads and more 20mph

## 11c Anything Else

The retention of a vibrant community is about much more than just the provision of suitable/affordable housing and requires effort and change from all elements of the community to sustain what is most precious about the parish.

Stop development of homes which are not lived in as it fails to address affordable housing

Recreational opportunities for 13-16 age group

Encourage the solar panels on shed roofs and over car parks rather than eyesores on agricultural land

Attractive business rates for local businesses

My wife and I are 78 and 85 and regret being unable to contribute actively to the campaign which we fully support

greater conservation consideration

Recent building projects are changing the character of the parish

Needs to be a limit to visitor number. Don't become a theme park. Don't need more galleries or holiday rentals. Not everyone depends on tourists. Off season important for viability of locals

local tax incentives for small businesses

cannot predict next 10-20 years - beware expensive mistakes

Explore grant for community cooperative energy coy. Need pub in St J. Local recording studio for musicians.

need a Butcher

not enough evidence here to make decision that will impact each other

more exercise groups. More street cleaning

how does this fit with the Roseland Plan, Cornwall Housing Strategy and Govt Housing Strategy? Need more externally validated research and funding for ideas

housing for locals

A strategy to affect holiday to full time ratio having decided what is optimal. A strategy to promote and support shoulder season tourism

Appreciate the support/work that second home owners provide

do not approve of this at all

If encourage more visitors - where park?

Rental property for locals lowers dignity and does not feel secure. Mixed developments exacerbate local divides between 'haves' and 'have nots'

Footpaths linking more off road, ferry st Mawes - Percuil. Minibus route to Truro via KHF.

stop gross offensive commercialization

Children

St J needs to be made safer for children

Residents with children

I doubt that this will have any different impact to 2004 Local Plan. Some second home owners contribute more to village life than others.

hardware shop

**Please, please, please declutter signs from the road network.**

Decent shopping - esp food (we have a much better Coop at home)

housing

Village evenets where tourists are made welcome. More water based activities for children. Fishing tackle shop.

Respect for the environment, moving away from obsession of making money from tourists at expense of local commuity, environment and occupied housing.

Housing for locals. Workspace facilities

Need a footpath officer  
affordable housing

land & housing

affordable housing for local people

need something for 11-17 year olds

free public toilets, pavements to reach  
Primary School, street lighting

needed better proof reading

a 10 year vision is a good way forward

Need to understanding needs for each  
part of community. A strategy to limit  
over-represented parts of community.

What is evidence for people wanting to  
live in village if little employment?

Young people

care for the AONB. Shrinking  
community not acknowledged  
natural landscape is the jewel in the  
crown

Not much! It's lush here

The problems here are no different to  
the rest of the country

More bins for dog poo required and signs telling people to clean up after dogs

Butcher and greengrocer
