

7g Tourism

Tourism critical part of local economy. Diversification would improve this. Better spread across year required. The sustainability of existing or increased tourism is debatable

11a Not addressed

No mention of need for care in Parish for our ageing residents. Community orchard/community horticulture. Voluntary visitor tax to fund environmental projects

Tourists do not contribute to life blood of the village they see it as a resource.

Local training for trades affiliated to local colleges. Local horticulture

Town only the fullest version of itself when the visitors leave. A second-homer may flash the cash, but a young family on Polvarth uses the school and Co-op.

Clear exposition of available building sites and who owns them would be useful

Many activities and clubs already but they struggle due to lack of people to organise

Keeping school open which is dependent on social housing being available keeping young families in village

Tourism should not be the main income for the area more sustainable job opportunities required

Supporting local primary school

Parking is more difficult

Cost of carparking when attending local community events

Use local tradesmen for 62 years. They will suffer if second homeowners are vilified further

Recycling. Public Transport

Too many SUVs. Having to use private refuse collection. Poor recycling facilities

Double tax on 2nd homes could affect tourism and employment

Traffic congestion and parking

One way system from St Mawes Hotel to Upper Castle Road

Prices of eating out and activities. Lack of activities on offer

more bus stops with shelter

traffic and carparking is an issue. Tourism is the golden goose that sustains many jobs

address housing occupied <9months pa. Decline in fishing. Designated parking for locals in Aug

Pressure on Doctors. Overuse of car parks. Road deterioration	encourage local shopping, Parish directory of local facilities
Newly refurbished rec centre and parish hall/community rooms offer plenty of space and just need coordinating.	Public Tpt
Visitors parking where they shouldn't	Failed to address sustainability
increase revenue from tourists	Toursits need bad weather provision - cosy reading room in Victory?
pressure on parking and traffic in summer hols	Activities for younger people
concerns over online shopping by tourists - promote local. Cruise ship visitors to spend money in St Mawes	If more housing need more shops - esp butcher, greengrocer - which will need supporting.
Visitors need info before arrival (esp out of season holidays). Letting companies need to support advanced advertising of events	local shop closures
Needs to be a limit to visitor numbers. Don't become a theme park. Don't need more galleries or holiday rentals. Not everyone depends on tourists. Off season important for viability of locals	Wealthy second home owners should be invited to provide financial support to local causes. Too many public hall available
Roseland Festival supports shoulder months: other similar festivals based on boats, food, films (local links). Bring cruise ship passengers direct to St Mawes. Guided Cycle tours (esp D and NL). Art on the wall festival with linked wksp	Car parking - not enough and needs to be cheaper. Place Ferry inefficient
The only game in town!	Car parking - esp in Pedn Moran, Buckeys Lane, Freshwater Land
Car parking (and other services) are challenging in high season	Health provision, policing, general attractiveness & tidiness

Balance of residents to tourists means fewer primary school attendees and less spending in village outside tourist season	Restrict large buildings esp if second homes
Tourism cause increasing house prices and parking problems & massive increase in dog waste	All important issues have been covered
All Cornwall needs tourism. Doubling Council Tax is counter productive. Too many, too big cars	parking on Marine Pde should be restricted.
weather	electronic bus arrival display. Maintain paths, kerbs & bus shelters
tfc polution, congestion, pressure on services, litter & sewerage because of tourism	residents parking should be provided
too many send homes registered as businesses so Cornwall Council does not benefit from tax	Incentives for families and young people to live on Roseland
we need tourism	empty homes, public WC, potholes & pedestrian safety. The bones of management exist - do not destroy them
too many tourists buy on line groceries	Business accn needs to be fit for purpose (eg butcher and baker inadequate?)
causes issues with parking & tfc and means less residential property for locals	missing a reasonably priced child friendly sit in eat in restaurant
Empty houses an issue. Council tax for 2nd homes should be x5. Too many touristy shoips shut out of peak season. More 'on water' activities needed.	upset by 2 types of second home owner: council tax & business rates. Not fair!!
issue is residents parking during peak season	affordable housing for locals. No shared ownership reasonably priced at market rate
need to maintain tourism: eco tourism and avoidance of mass tourism offers sustatianable optyon. Possibilities: coursing on learning to sail, forraging, guided hiking	Car sharing. Parish based minibus.

Prioritise local housing needs. Dangerous driving by tourists. Sewaside areas overcrowded	Needs more permanent car parking. Main tourist season is getting longer
Problems with dogs, tfc, parking and campervans	airbnb & holiday lets should be treated differently from second homes
Why nothing here on impact of tourism on AONB?	local services: child care, medical, dental, activities for kids, indoor play area etc
Village should reduce addn ferries to a manageable number	Do we have adequate sports facilities? Encourage exercise
Too much pressure on media cl svcs in summer. Should have asked about upsides of tourism	Congratulations on your thoroughness
I don't want it to become too crowded here	second home ownership has a negative effect on parish and community
must be a balance between tourism and being overwhelmed	too many of these questions have multiple qs within them
what evidence for the 'pressure' on house prices from tourism. On 7e: subject to availability	What ratio residents/holiday makers is acceptable?
tourists need to understand this is a village where people live and work	AONB has not been considered. Think of true community not visitors and commercialisation
too many don't know how to drive on rural roads and impatient with farm vehs	Later ferries, Gym & swimming pool.
Food festival? Willing to help	AONB is not considered. You are pretending to be interested but it is not genuine
staff avail in hospitality is a problem. More affordable housing to alleviate	Edn & childrens facilities. Roseland Centre a step in the right direction
Run week long courses. Tourists in large cars a hazard for cyclists - warning signs needed	Activities for children
overtourism is killing st M	Alternative energy solutions
Ex Council properties being targets to be bought as holiday lets. Visitors park dangerously and cause difficulty for emergency services	
village would not survive without tourism	
tourism puts pressure on local facilities	

Mussel card seems to be well promoted.
Occasionally roudy night noise. Pressure
on medical facilities. Dog poo not
picked up. Holiday let companies
demanding much higher rents = less
money spend in village

tourism causes increased traffic in village

too many fast cars.

need a better bus service properly
encouraged

tourism causes a lack of parking and
increase in dog mess

tourism causes pressure on services and
litter. Overt wealth disillusion young
people creating a divide

second home ownership and airbnb in
residential areas have a negative impact
activities for tourists should be better
promoted

tourists cause overcrowding and
traffic/parking/litter issues. Consider a
tourist tax on rentals & hotels

Seasonal nature has too great an effect:
needs to be a 50/50 balance to support
local community. See submitted notes.

Tourism yes but not commercialising
greed

My income relies on tourism - but I
don't want it to! We are trapped in
tourism work for lack of other
opportunities and childcare. We are not
the beneficiaries of the profits of
tourism. We have no choice and no way
of self improvement

Tourism is critical but not at expense of
the community

too many dogs

Restaurants are London prices: nothing
for locals. Dependiong on tourism is
precarious

Airbnb should not be demonised.

Distinguish between bespoke holiday accn (eg shephard huts) and converted homes

tourism causes disconnections within the community

everything is linked to house prices. An empty village in winter is not good for anyone. The lack of any other employment is key

Remember that most second home owners were tourists first.

Antisocial behaviour is a problem

Tourism impacts on traffic: cars are too big for the villages, parking a major issue, 2nd homes cause endless building works, tourism overloads the infrastructure

11b Missing from Parish

Family affordable housing

Clearly housing

Family housing for <£100k

Social and affordable housing

Social housing, butchers shop, extended tourist season

Dog walking footpath access

Young families. Affordable restaurants

transport. Medical. Elderly social care youth services

Joined up thinking to avoid replication

Housing. Transport

People who do not understand the ethos of the village

11c Anything Else

The retention of a vibrant community is about much more than just the provision of suitable/affordable housing and requires effort and change from all elements of the community to sustain what is most precious about the parish.

Stop development of homes which are not lived in as it fails to address affordable housing

Recreational opportunities for 13-16 age group

Encourage the solar panels on shed roofs and over car parks rather than eyesores on agricultural land

Attractive business rates for local businesses

My wife and I are 78 and 85 and regret being unable to contribute actively to the campaign which we fully support

greater conservation consideration

Recent building projects are changing the character of the parish

Needs to be a limit to visitor number. Don't become a theme park. Don't need more galleries or holiday rentals. Not everyone depends on tourists. Off season important for viability of locals

local tax incentives for small businesses

cannot predict next 10-20 years - beware expensive mistakes

safer roads and more 20mph	Explore grant for community cooperative energy coy. Need pub in St J. Local recording studio for musicians.
need a Butcher	not enough evidence here to make decision that will impact each other
more exercise groups. More street cleaning	how does this fit with the Roseland Plan, Cornwall Housing Strategy and Govt Housing Strategy? Need more externally validated research and funding for ideas
housing for locals	A strategy to affect holiday to full time ratio having decided what is optimal. A strategy to promote and support shoulder season tourism
Appreciate the support/work that second home owners provide	do not approve of this at all
If encourage more visitors - where park?	Rental property for locals lowers dignity and does not feel secure. Mixed developments exacerbate local divides between 'haves' and 'have nots'
Footpaths linking more off road, ferry st Mawes - Percuil. Minibus route to Truro via KHF.	stop gross offensive commercialization
Children	St J needs to be made safer for children
Residents with children	I doubt that this will have any different impact to 2004 Local Plan. Some second home owners contribute more to village life than others.
hardware shop	Please, please, please declutter signs from the road network.
Decent shopping - esp food (we have a much better Coop at home)	

housing

Village events where tourists are made welcome. More water based activities for children. Fishing tackle shop.

Respect for the environment, moving away from obsession of making money from tourists at expense of local community, environment and occupied housing.

Housing for locals. Workspace facilities

Need a footpath officer

affordable housing

land & housing

affordable housing for local people

need something for 11-17 year olds

free public toilets, pavements to reach Primary School, street lighting

needed better proof reading

a 10 year vision is a good way forward

Need to understanding needs for each part of community. A strategy to limit over-represented parts of community.

What is evidence for people wanting to live in village if little employment?

Young people

care for the AONB. Shrinking community not acknowledged
natural landscape is the jewel in the crown

Not much! It's lush here

The problems here are no different to the rest of the country

More bins for dog poo required and signs telling people to clean up after dogs

Butcher and greengrocer
